

Technical drawing of a circular object, likely a cross-section of a pipe or a similar component. The drawing shows a circle with a central vertical axis and a horizontal dashed centerline. A dimension line on the right indicates a height of 7. A dimension line at the bottom indicates a width of $3\frac{1}{2}$ OD.

Technical drawing of a 3-pint oil can. The drawing shows the side profile of the can with various dimensions and labels. The main body is cylindrical with a diameter of 11_{OD}. The handle is attached to the side and has a diameter of 8¹/₃₂_{OD}. The handle is 1¹/₂ inches long. The can has a total height of 12¹/₄ inches. The handle is 5³/₁₆ inches high from the base. The can has a base diameter of 5¹/₄ inches. The can has a name plate, an inlet, and an outlet. The oil cap is approximately 3 pints. The drawing includes a scale bar at the bottom right.
